Membership Report 2020-2021

Memberships have increased from 570 to 606 an increase of 36. I believe that 606 may well be a record for Bowmoor Sailing Club. We are not alone in increasing membership as both Cotswold SC and West Oxford SC both say that they are full on their websites.

The growth in memberships has come from new sailing members, Family memberships plus Senior Sailing memberships have increased by 56.

We are currently restricting swimming memberships and SUP memberships with a closed waiting list of 75 for swimming and 119 for SUP membership. We accepted 18 new swimming members this year and no new SUP memberships.

Sooner or later, we will have to put a cap on the number of sailing members current thinking is that this could be 50 or 60 regular racing members.
